**Comprehensive Guide
For Nursing Top-up Degree**

Who We Are

Fin Education

We are a reputed student visa consultation service operating from Finland with plenty of success stories. We basically guide our students in each step of the university application process, visa process and Indian process. We keep in touch with our students even after they arrive in Finland. We provide personalized advice and step by step support, ensuring that you meet all the requirements for your dream destination.

What We Do

Our Experienced Team Assist You with :

University Admission Process

We help you in choosing universities and programs with your qualifications, preparing relevant documentation and guiding for entrance examination, group discussions and interviews with the right timelines.

Visa Process

We arrange personalized meetings for each student with their families to guide them for document preparation and make them familiar with the visa process to avoid mistakes and last minute rushes.

Indian Process

We assist you with VFS appointments and always update you with the changing regulations of the VFS appointment system. We prepare students and families for possible questions covering all aspects to face their interviews successfully. This process includes supporting to arrange document files in order and clearly.

What We Do

Our Experienced Team Assist You with :

Show Money Process

After reviewing each student's background, We support them to make the show money process easier and more convenient.

Post visa Approval Process

We help our students to book flight tickets, pack luggages, find accommodations and airport pickups if necessary. Especially we make you understand local regulations and all registering processes after arrival.

Follow- Up Support

We support you in visa extension, renewals if necessary. We keep you updated on any changes to visa policies or other important matters through Harshana Dissanayaka you tube channel.
